

GAURAV KUMAR

WEB DEVELOPER | SOFTWARE DEVELOPER | PYTHON DEVELOPER

Nainital, Uttarakhand • +91 8266907888 • gkarya2503@gmail.com

PROFILE

Computer Science & Engineering graduate with hands-on web development experience and practical projects using HTML, CSS, JavaScript, React, Python, FastAPI, OpenCV, LBPH and SQLite. Built responsive websites, interactive web applications, a technology blog, a personal portfolio and a face-recognition attendance system. Published a project paper on CCTV-based waste management and participated in a Generative AI workshop using Python.

TECHNICAL SKILLS

Web: HTML, CSS, JavaScript, React | **Programming:** Python, Java (Basic) | **Backend:** FastAPI | **Computer Vision:** OpenCV, LBPH | **Database:** SQLite

EXPERIENCE

Web Development Intern — Developers Arena

Practical web development work focused on responsive and interactive websites using HTML, CSS and JavaScript, including portfolio development and frontend implementation.

Web Development Intern — InAmigos Foundation | 4 Weeks | Remote

Selected for a four-week Web Development internship; worked on assigned tasks, participated in team meetings/group discussions and completed responsibilities on time. Offer letter dated 20/07/2026.

SELECTED PROJECTS

• **SmartFace Attendance** | React • Python/FastAPI • OpenCV • LBPH • SQLite

Face-recognition attendance application using camera input, React frontend, Python/FastAPI backend and SQLite attendance records.

• **TechPulse — Technology Blog** | HTML5 • CSS3 • JavaScript

Responsive multi-page technology news/blog platform with search, category filtering, article modals, newsletter interaction, contact validation and GitHub Pages deployment.

• **Personal Portfolio Website** | HTML • CSS • JavaScript

Responsive developer portfolio presenting profile, education, skills, projects and contact information with JavaScript interactions.

• **Weather App** | HTML • CSS • JavaScript

Web application designed to present weather information through a simple user-friendly interface.

• **Waste Management System Using CCTV & Notification** | Published Project

CCTV-based waste monitoring concept to identify garbage overflow areas and support cleaner campus management.

PUBLICATION & WORKSHOP

• **JETIR Publication:** "Waste Management System Using CCTV & Notification" — Volume 13, Issue 6, June 2026; publication date 06/06/2026; Paper ID: JETIR2606061.

• **DigiCoders Workshop:** "Generative AI Chatbot using Python" — Certificate of Participation, 17/03/2026; Certificate ID: DCT17184.

EDUCATION

Degree	Institute	Score	Year
B.Tech — CSE	Institute of Technology Gopeshwar	CGPA 7.0	2026
Diploma — IT	Government Polytechnic Nainital	CGPA 8.0	2023
High School	Saraswati Vidhya Mandir Nainital / UK Board	79.6%	2020

ADDITIONAL

Languages: Hindi, English, Kumaoni | **Soft Skills:** Problem Solving, Teamwork, Communication, Time Management, Decision Making
